**JOINT MOTION FOR THE COURT TO ACCEPT CLAIM CONSTRUCTION
BRIEFING FROM PRIOR, RELATED CASE AND
SCHEDULE A *MARKMAN* HEARING**

Plaintiff EMA Electromechanics, Inc. (“EMA”) and Defendants Siemens Corporation and Siemens Industry, Inc. (collectively, “Siemens”) respectfully move the Court to accept in this case the parties’ completed claim construction briefing from a prior, related case and schedule a *Markman* hearing.

EMA filed a first action in this Court against Defendants Siemens for infringement of U.S. Patent No. 7,724,489 (“the ’489 Patent”) on March 4, 2021.¹ In the first action, EMA and Siemens exchanged preliminary infringement contentions and preliminary invalidity contentions, completed all claim construction and technology tutorial exchanges, and fully briefed all claim construction issues. The parties’ claim construction briefs from the first action are attached hereto as Exhibits 1–4. The parties’ joint claim construction statement from the first action is attached hereto as Exhibit 5.

¹ Complaint, *EMA Electromechanics, Inc. v. Siemens Corp., et al.*, No. 6:21-cv-00206-ADA (W.D. Tex. Mar. 4, 2021), ECF No. 1.

On December 13, 2021, the Court dismissed the first action without prejudice.²

Because the asserted patent, the asserted claims, and the claim construction issues are the same in the present case as they were in the first action, EMA and Siemens ask the Court to accept their completed claim construction briefing from the earlier case as the claim construction briefing in this case. And, because the claim construction briefing is complete, EMA and Siemens ask the Court to schedule a *Markman* hearing in this case at the Court's earliest convenience. Subject to the Court's availability, the parties propose to have a *Markman* hearing on or about February 11, 2022.

² Memorandum Opinion and Order Granting-in-Part and Denying-in-Part Defendants' Motion to Dismiss [ECF No. 14], *EMA Electromechanics, Inc. v. Siemens Corp., et al.*, No. 6:21-cv-00206-ADA (W.D. Tex. Dec. 13, 2021), ECF No. 65 (public version filed on December 20, 2021 as ECF No. 66).

Dated: January 13, 2022

Respectfully submitted,
